

**Instructions for Human Services Majors
Restricted and Developmental Electives Form**

The Restricted Electives form should be completed electronically with an advisor in the Advisement Center in 111 Alison Hall West.

Using the form you are to declare your concentration and select a Topic Area. There are several Topic Areas within the Human Services major. We recommend that you choose one and then select courses that best match your interests. Students can also create their own Topic Area in consultation with an advisor. The recommended Topic Areas are:

- Program Leadership and Policy Development
- Children and Families
- Counseling Interest
- Criminal Justice and Legal Studies
- Social Work Interest
- Cultural Diversity and Society
- At-Risk Populations
- Medical Social Services

The advisors can provide you with a copy of the form for your records. Any change in concentration, course selection or graduation term may require submission of a revised form.

Program Leadership and Policy Development	BUAD100: Introduction to Business	
	BUAD301: Introduction to Marketing	Social/Behavioral Science; requires sophomore status
	BUAD309: Management and Organizational Behavior	Social/Behavioral Science
